Great Athletes Have To Beg For New York Trip
After being promised the trip to New York, for the American Olympic finals, July 11-12, the pot-bellied officials of the Far West Olympic committee, have failed to furnish the necessary funds for the trip. Such great and world-known track and field athletes as Frank Wykoff, Louis Zamperini, Clark Crane, Graber, Portanova, Rice and many others had to go begging for funds to make the trip. Most of the necessary money has been furnished by the communities, in which the athletes reside.

(If you could call it by that name) was pulled off in the Los Angeles Coliseum last Friday and Saturday, that this writer has ever had the misfortune of witnessing. The athletes were promised the funds to make the trip to New York, but after the fare of last week, they were informed that there was not enough money and that they (the athletes) would have to raise their own money. A great way to treat a bunch of boys who ran their hearts out to help make a show.

Louis Zamperini Leaves Friday Night
After taking second place to Norman Bright last week, at which time Louis was a very sick boy, and should have been in the grand stand, instead of running the Torrance Tornado, has regained his health, and is in first class shape. Louis plans to leave for the finals, Friday night, arriving in New York in time for the "big meet" Friday and Saturday, July 11 and 12. Louis has the second best time in the entire nation, (qualifying heats), with Bright first and Don Lash a close third. If the times for the long grind are any indication of making the great "Uncle Sam" team, Louis has clinched a berth, and will be on his way for Berlin, Germany, July 15. Many friends of the Torrance boy will be on hand to bid him "Bon Voyage" as his train leaves Los Angeles, Friday night. Louis plans to travel with Dean Cromwell and Frank Wykoff. Friends and city officials, raised together early this week, raising the necessary funds for the trip. Louis has asked this writer to thank every person in the City of Torrance, for their fine cooperation, and promises to do his best, and bring more glory to "His City."

Charles Ruppel, former star basketball player for Torrance high, recently "made the altar." Pete Zamperini, has entered the summer session at U.S.C., and plans to spend "his vacation" studying. When Pete graduates next June, he will be able to teach in the following subjects: Coaching, History, vice principal and principal. A good man to keep in mind, if Torrance votes out of the Los Angeles School system. How would football fans of Torrance like to have a "pro" game in their town this fall? If there is enough interest shown, this may come true, as some of the players have been looking over the Municipal Park for the site of at least two games, in October. Such great gridiron heroes as Cotton Warburton, Julius Beskos, Nick Lucas, Harold Ham-mack, Homer Griffith and many others would be seen in action, providing the games materialize. A good objective for the Chamber of Commerce to work on. What has happened to the so-called All-Star, Torrance short ball game? The players in the night leagues, are certainly good enough to organize an all-star team, and play a few home and home games with other cities. With such capable men as Billy Widner, Tommy Bowker and Red Moon, to manage the players, fans of Torrance would see a real brand of ball.

Seventh Inning Rally Wins For Torrance Bears

Golden Creme Beer Team Loses, 6-4, After Tough Battle

Manuel Alvarez' Torrance Bears made it two in a row last Sunday by defeating the Golden Creme Beer team of Los Angeles in a seventh-inning rally that hung up four runs. Both teams scored two runs in the first and for the next five innings the scrap was all even without a score on either side. The Bear barons broke the tie with a marker in their half of the seventh and their belated rally in the eighth that produced one run was still not enough to head off the locals.

Pete Rios was the hero with the willow, with two singles and a double in five times up. Pitcher A. Gomez helped win his own game with two hits out of three tries. Colman and Alvarez also got two.

C.N.P.A., Inc. Service Eyes of the national sport world will be focused on California, August 2, for the second running of the Catalina, Hermosa, Manhattan Beach aquaplane race. Sanction of the event by the American Power Boat Association gives aquaplaning its official recognition as a competitive sport.

The second running of the race will have two women among the thirty entrants already grooming for the classic.

COLOSSAL GYP PUT OVER ON CANDIDATES FOR OLYMPICS

No Money Left In Treasury To Send Athletes to Finals In New York; Cash Flows Down the Sewer In Water From Melting Ice Rink

There was money to send the officials back to New York, but the athletes who made the show for the Olympic Games Committee, last Friday and Saturday, will have to walk or stay at home. The biggest gyp that was ever perpetrated on a bunch of hard-working boys was pulled off at the Coliseum when the semi-finals for the Olympic team were run. The biggest flop ever pulled off in the Coliseum took place Friday night, and the races on Saturday were little better after the news got around that there would be no money to send the qualifiers for the Far Western team to New York.

Had it not been for the Zamperini-Bright tussle in the 5000-meter race, the crowd of several thousand people would have booed the show into the ground. As it was, the distance run, billed as the feature of the evening, saved the day, for it really offered some action. The few trial heats were pitiful, with so few contestants that there was no point to their being run at all. The ballyhooed ice skating exhibition by the
